

Beacon Bty

Feb 25

Dear Mabel:

I got your parcel yesterday evening, I was glad to get the socks and other things, thanks a lot for them. I intended to write when I got your other letter, but I lost the address. We are not doing much down here now, there is lectures every day. Freddy is here now, Allen D is coming back here pretty soon, he is in H alifos now. The flu is striking bad here now, they took a bunch of them to the hospital at H amberbury. Jones & Gilis are pretty sick with it. Jones went to the hospital.

I was up to new Glasgow
 to the game the other night.
 we didn't have any time to
 go visiting, we left right after
 the game. we had an entertainment
 here last night. There was a
 lunch down from the College,
 they put a minstrel show
 on. I didn't hear any news
 from home lately. Bernard
 Collier is in the hospital with
 appendix. I suppose there's lots
 of election talk up that way. The
 grub is getting better here now
 since the election was stunted.
 I won't home since new years,
 I guess I'll have to wait till
 the roads open to the Cape. Well
 that's about all the news, so
 will close

Love
 Billy

Excuse the finger marks
on the files today
